

NVK Symposium 2015

Crystals for life, life for crystals

Friday 6 November 2015

Sociëteiten Amicitia en de Zwarte Arend

Peperstraat 15

5211 KM 's-Hertogenbosch

Program

- 10.00-
10.30 Registration, coffee & bossche bol
- 10.30- Albert Guskov:
11.00 Transporter acrobatics - A toppling mechanism for ECF-type ABC transporters
- 11.00- Raimond Ravelli:
11.30 Electron Diffraction and Imaging
- 11.30- Marnix Wagemaker:
12.00 Following the transformation of individual crystallites in Li-ion batteries during cycling
- 12.00- Lunch
13.00
- 13.00- Guided Tour Den Bosch or visit Jheronimus Bosch Art Center
14.15
- 14.15- Coffee/tea
14.30
- 14.30- Tassos Perrakis:
15.00 From a high resolution crystallographic structure to disease: discovering how bile acids inhibit a phospholipase
- 15:00- Lambert van Eijck:
15:30 PEARL, the new Dutch neutron powder diffractometer
- 15:30- Tim de Klijn:
16:00 Diffuse Scattering of Protein Crystals
- 16:00- Break
16:10
- 16:10- Jaarvergadering NVK
17:00

Please register, preferably before 1 November, by email to m.lutz@uu.nl.
